Supporting Vermont Cancer Patients and their Families

Casino Night

For over 20 years the Cancer Patient Support Foundation has been dedicated to helping Vermont cancer patients and their families. CPSF annually supports over 500 patients struggling to take care of their families while accessing much needed treatment. Many patients must choose whether to pay for food for their children or prescriptions; rent or medical treatments not covered by insurance; or heat their homes or pay for the cost of traveling back and forth to the hospital. CPSF does not believe Vermont families should have to make these choices. You can help Vermont cancer families by sponsoring CPSF's Casino Night. Sponsorships range from \$500-\$10,000.

Sponsorship Levels

Companies and Individuals who sponsor the Casino Extravaganza are part of an effort that has awarded \$3 million to over 11,000 local cancer patients and their families through the Emergency Fund. This fund helps patients take care of their families' basic needs including: food, housing, phone, water, lights, and heating. In addition, it removes barriers to treatment including the costs of transportation to the hospital, medical costs not covered by insurance, prescriptions, childcare, caregiver services, and durable medical equipment.

Sponsorship Levels

The Cancer Patient Support Foundation serves the entire state of Vermont. Our families live in each county of the state. Our youngest patients is only 2 years old, while our most senior patient is 92. Patients often feel alone, scared, and overwhelmed. CPSF is a local organization that is dedicated to making sure no Vermont cancer patient is alone. We know many patients have expressed that they are more scared about the money than the cancer. CPSF has never had to deny a request due to lack of funds and with your support we hope to never have to deny a Vermonter in need. For over 20 years we have stood with our families during challenging times, and we look forward to the next 20 years with your support.
